## 2008 Hot Companies Finalists Announced - 2008 Executive Summit at Technosium Conference and Expo

**SAN JOSE, California – October 30, 2007** – Technosium Conference and Expo held once every year in Silicon Valley announced today an agreement to host the global 2008 Hot Companies Awards organized by Silicon Valley Communications. Winners of the 2008 Hot Companies awards will be honored during the 2008 Executive Summit being held in January at the Technosium 2008 Conference and Expo.

Silicon Valley Communications will be releasing a special report highlighting IT companies from around the world that excel in 4Ps (People, Products, Performance and Potential). This report will be made available to all the attendees of Technosium 2008. A complete list of companies that made it to finalists is available at: <http://www.technosium.com/hotcompanies/>

The 2008 Executive Summit is a global meeting of CEOs and senior executives of information technology vendors, global media and publications, educational institutes, venture capitalists and government agencies. To attend the 2008 leadership summit, please download the applications form at: <http://www.technosium.com/executivesummit/>

The Technosium Conference and Expo is an All-in-One event that provides complete solutions through face-to-face meetings with vendors of security, biometrics, compliance and governance, wireless, broadband, storage, software and applications, SaaS, IP, VoIP, unified communications, video, network infrastructure, data centers, managed services, data centre, convergence and outsourcing. To learn more, visit [www.technosium.com](http://www.technosium.com) and register for a FREE Expo pass. To exhibit products and solutions at Technosium 2008 Expo, please visit: <http://www.technosium.com/exhibitor/>
