

# Surf it Easy<sup>®</sup>

No worries, just surfing

Version: 1.3.2.6

**Everything is simple when using Surf it Easy**

*The friendly and appealing interface and functions couldn't be easier to use. Every step takes only a few clicks.*

Surf it Easy lets you go wherever you want to go and leaves no trace behind. All the data related to Internet browsing (Cookies, Cache, and History) is stored on the Flash Drive/MP3 Player and can be deleted afterwards.

**Favorites / Bookmarks Sync for Internet Explorer & Firefox**

Keep all your links with you and access them from any computer.

**No Trace Browsing with Internet Explorer & Firefox**

Safely browse the internet on other PCs without leaving any traces that could reveal what you have viewed on the internet.

**USB Drive Lost & Found<sup>™</sup>**

Let the finder know who you are but do not let him see what is on your Flash Drive.

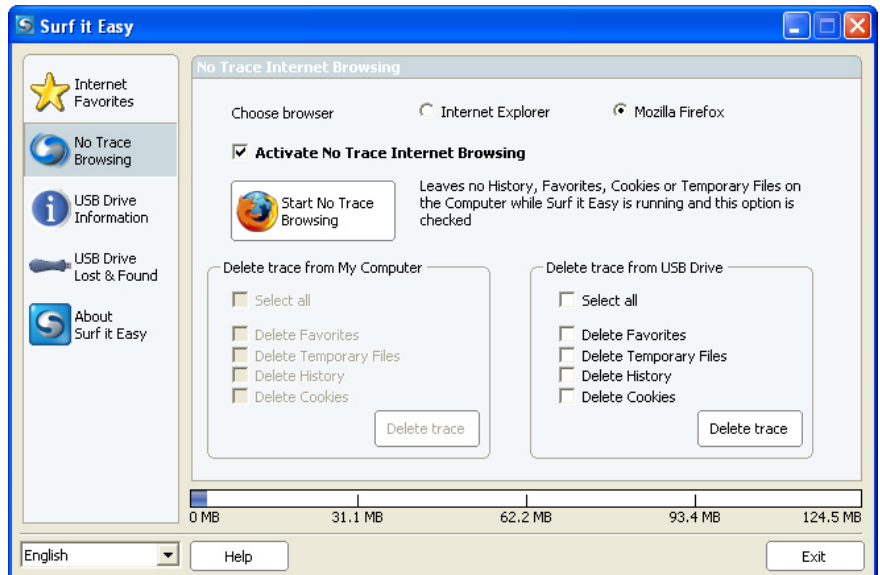

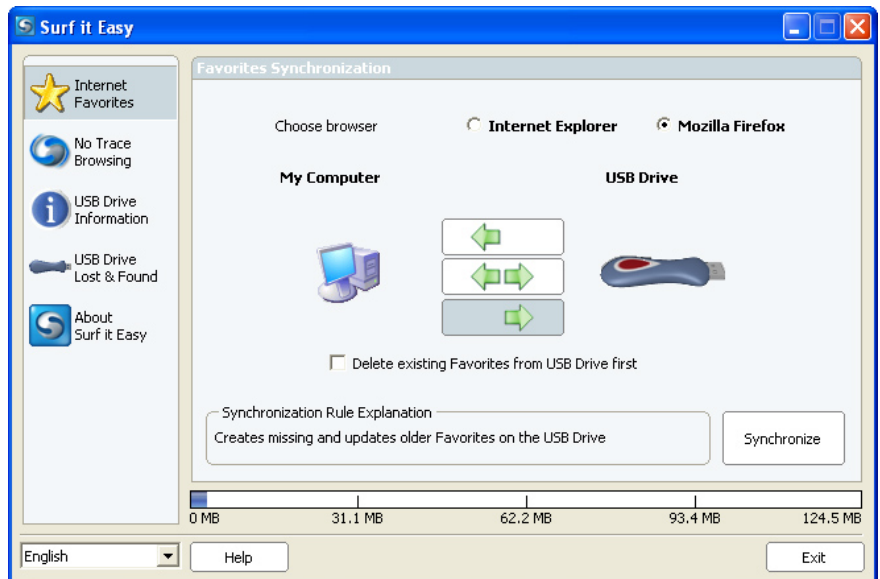

**USB Drive Information**

You are in control. It is your drive now. Find out all you might want to know about your USB Drive.

Surf it Easy is fully portable. No installation is needed on your PC. The software can be used anywhere at anytime because it is always on your portable storage device.

## SYSTEM REQUIREMENTS

- Portable Storage Device: USB Flash Drive, iPod, portable HDDs, MP3 Player, U3 Drive or other device
- Windows XP (SP2)
- Windows 2000 (SP4)
- No Admin rights required

The Surf it Easy user interface is available in 6 languages (English, French, German, Italian, Portuguese and Spanish).
